

SUN26 – FLAG & BUGGY WHIP

TECHNICAL DATA

CHARACTERISTICS

- A triangle flag of dimensions 34cm x 35cm made from a 600 gram per square meter supported PVC with a 10 x 10 panama polyester base cloth. The PVC is hi-visibility orange conforming to a colour match of the EN471 standard. A strip of 50mm wide hi-visibility lime vinyl conforming to the EN471 class 1 standard, is sewn on horizontally across the front and back. The thread is polyester ticket 50 thread. The thread is rot proof.
- A 12mm white, 3 meter long solid fiberglass pole.
- A hi-visibility lime vinyl reflective sleeve which has to slide onto the 12mm fiberglass pole. The vinyl reflective is to conform to the EN471 class 1 standard. The sleeve needs to be fixed onto the 12mm pole so that it does not move around on it when in use.

APPLICATIONS

- Used in mining industries to improve visibility on vehicles
